Excellent speaker and topic!!!				
Very uplifting!				
Very interesting speaker; gained some useful information.				
Good				
I thought this session and it's presentation was pretty "hokey." I did not take any useful information from this session.				
Presenter good, knowledgeable. She had some good ideas to share and use day-to-day. It felt rushed and felt bad she was last on the agenda.				
Fun and valuable.				
Very good.				
Would have been better if a little longer to do more interaction with participants.
